Treat Your LJN Game Carefully

- This LJN Game Pak is a precision-crafted device with complex electronic circuitry. Avoid subjecting it to undue shock or extremes of temperature. Never attempt to open or dismantle the Game Pak.
- Do not touch the terminal leads or allow them to come into contact with water or the game circuitry will be damaged.
- Always make sure your NES Control Deck is SWITCHED OFF when inserting the Game Pak or removing it from the NES Control Deck.
- Never insert your fingers or any metal objects into the terminal portion of the expansion connector. This can result in malfunction or damage.

INTRODUCTION

This can't be! There has never been a Great White in these warm tropical waters before. NEVER! This is more than a coincidence...this shark appears to be possessed...as if it's hunting you down...like it's personal. You'd better prepare yourself and strike back before it's too late.

Will you use the mini-sub, sea plane, sail boat or just scuba gear? Perhaps it won't even matter. Remember, this is some kind of unbelievably powerful eating machine you're dealing with.

Quick, grab your weapons, pack your explosives and check your maps. It's out there...you know it...and it's coming for you. This is serious! This is the ultimate Jaws challenge, because this time it's not over until only one of you is left alive.

HOW TO USE THE CONTROLLER.......4
GAME GUIDE..........................5
THE MAP SCENE......................6
THE SIDE VIEW SCENE.................8
THE BONUS SCENE..................10
THE FINAL SCENE....................11
INTRODUCTION OF CHARACTERS.....12
The control pad and A or B buttons are used differently in each scene. Please refer to each scene's description.

**CONTROL PAD**
- control the player (see pages 9–11)

**A, B BUTTONS**
- attack JAWS or other sea creatures (see pages 9–11)

**SELECT BUTTON**
- not used

**START BUTTON**
- start or pause the game

**HOW TO USE THE CONTROLLER**

**GAME GUIDE**

- "JAWS" is made up of five scenes which are shown at right. The screen's appearance and operation of the controller are different for each scene.
- The game starts with the MAP scene. You drive the boat around and if you touch JAWS' fin, the screen changes to the SIDE VIEW scene. Sometimes the screen automatically changes to the SIDE VIEW scene without touching JAWS. This happens because the boat has been touched by a sea creature which is too small to be seen on the MAP scene. On the SIDE VIEW scene, you fight against JAWS or other sea creatures. You also collect conch shells to increase your energy level and to get a transmitter set or a strobe light. When your power level gets very high, you can seriously damage JAWS. In the final scene, if you successfully stab JAWS with the front of the boat, you will win the game!
- When you lose all of your lives, the game is over.
THE MAP SCENE

THE SCREEN

- Use the control pad to move the boat on the map.

- In the MAP scene, you move the boat around trying to avoid fighting JAWS. If you touch JAWS, the screen changes to the SIDE VIEW scene and you fight him there. Most of the time, you fight small sharks and other sea creatures.

- The FIN is usually invisible but will suddenly appear near the boat. After you get the transmitter set, you can easily tell where he is with sound.

- There are two harbors in the MAP scene where you can either get the transmitter or increase your energy level, both depending on the number of conch shells you've collected.
After the screen changes to this scene, you must fight against JAWS and other sea creatures as either the boat, diver or mini-sub. You can also collect conch shells if you are either the diver or mini-sub. You can change out of the SIDE VIEW scene by defeating a certain number of sea creatures, based on the skill level you are playing at.

To successfully fight the sharks, collect as many conch shells as possible.

Once you run into JAWS' fin you fight him with the boat. If the boat is attacked by the other sea creatures, it changes to the DIVER.

When your score reaches a certain number of points based on the skill level you are playing at, the MINI-SUB appears somewhere in the MAP scene. You can use it until it is attacked by JAWS or other sea creatures, when it will change into the DIVER.
THE BONUS SCENE

THE SCREEN

• After you have played in the SIDE VIEW scene a certain number of times (number is random game by game), the screen automatically changes to the BONUS scene. In this screen, you collect conch shells just by bombing the jellyfish with the airplane.

**: Speed control
A: drop bombs
B: drop bombs

THE FINAL SCENE

THE SCREEN

• When you attack JAWS enough for the JAWS POWER indicator to decrease to zero, the screen will change to the FINAL SCENE. You can make JAWS rise up out of the water by pressing the A button. The number of times you can do this depends on the number of strobe lights you have. Once JAWS is out of the water, you must drive the front of the boat into him to win the game. At the beginning of the game you already have 3 strobe lights. These are not displayed on the screen until you enter the FINAL SCENE. In addition to these 3, you can also obtain more strobe lights by trading in conch shells which you can collect. You do this in one of the two harbors in the MAP scene.

**: move boat right or left
A: make JAWS rise up
B: stab JAWS with the boat
INTRODUCTION OF CHARACTERS

- **JAWS**
  20 pts. (per hit)

- **Small Shark**
  500 pts.

- **Conch Shell**
  ? pts.

- **Starfish**
  ? pts.

- **Ray**
  100 pts.

- **Jellyfish**
  50 pts.

- **Crab**
  speed up diver
COMPLIANCE WITH FCC REGULATIONS

This equipment generates and uses radio frequency energy and if not installed and used properly, that is, in strict accordance with the manufacturer's instructions, may cause interference to radio and television reception. It has been type tested and found to comply with the limits for a Class B computing device in accordance with the specifications in Subpart J of Part 15 of FCC Rules, which are designed to provide reasonable protection against such interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient the receiving antenna
- Relocate the NES with respect to the receiver
- Move the NES away from the receiver
- Plug the NES into a different outlet so that computer and receiver are on different circuits.

If necessary, the user should consult the dealer or an experienced radio/television technician for additional suggestions. The user may find the following booklet prepared by the Federal Communications Commission helpful: How to Identify and Resolve Radio-TV Interference Problems. This booklet is available from the U.S. Government Printing Office, Washington, DC 20402, Stock No. 004-000-00345-4.

LIMITED WARRANTY

LJN TOYS, LTD. warrants to the original purchaser of this LJN software product that the medium on which this computer program is recorded is free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. This LJN software product is sold "as is," without express or implied warranty of any kind, and LJN is not liable for any losses or damages of any kind resulting from use of this program. LJN agrees for a period of ninety (90) days to either repair or replace, at its option, free of charge, any LJN software product, postage paid, with proof of date of purchase, at its Factory Service Center.

This warranty is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect in the LJN software product has arisen through abuse, unreasonable use, mistreatment or neglect. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE LJN. ANY IMPLIED WARRANTIES APPLICABLE TO THIS SOFTWARE PRODUCT, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE NINETY (90) DAY PERIOD DESCRIBED ABOVE. IN NO EVENT WILL LJN BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THIS LJN SOFTWARE PRODUCT.

Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages so the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific rights, and you may also have other rights which vary from state to state.
